Dear Colleagues:

I am very pleased to provide you our updated summary of donors to the Environmental Health Foundation of Canada. We are truly grateful for these generous contributions which make the scholarships, awards and projects of our foundation all possible. Whether you are a first time donor or contribute annually, whether your donation is small, large or “in kind” we thank you and ask for your continued support so that we can further our efforts to protect the health of the public and support Environmental Public Health Professionals in Canada and abroad.

Sincerely,

Michael Florian, Chair
