

ENVIRONMENTAL HEALTH FOUNDATION OF CANADA

On behalf of the Board of Trustees I present this second report to the Canadian Institute of Public Health Inspectors. For your information the current Trustees of the Foundation are as follows.

Dr. G. Bonham	Mr. D. Sargeant
Mr. B. Fortin	Mr. D. Terry
Mr. T. Gable	Dr. F. White
Mr. G. Gregg	Mr. C. Young
Mr. T. Roark	

The Officers of the Foundation are:

Mr. T. Roark	- Chairman
Mr. G. Gregg	- Vice Chairman
Mr. D. Sargeant	- Secretary
Mr. C. Young	- Treasurer

Mr. D. Terry - Chairman, Trustee Selection Committee

During the past year a non-personal chequing/savings account was established by the Treasurer. Attached for your consideration is the Treasurer's Report outlining deposits to date and the current balance on hand. (See over)

Work has been proceeding, but very slowly, towards the application for the Foundation's Tax Number from Revenue Canada. Unfortunately, personal matters this past year have severely restricted my ability to proceed more quickly with this most important issue. I sincerely apologize for my inability to finalize this matter by now. I hope this application and thus the charitable status of the Foundation can be resolved in the next few months. I can assure you the Trustees are still very positive about the future of the Foundation and look forward to its active operation in the near future.

The second Annual Meeting of the Foundation must be held on or before October 13th, 1990. Due to financial limitations I recommend that we hold a conference call meeting this year. This type of meeting is successfully utilized by many organizations. Official notice will be distributed to all Trustees once an acceptable date has been agreed upon.

In conclusion, I must thank all members of the Institute and in particular the National Executive for the support to date. Your continued support will be most appreciated in the coming year as well.

Thank you.

Tim Roark, Chairman
Board of Trustees
Environmental Health Foundation
of Canada
